Activists across the country are engaged in a battle - one side racing to influence their state legislators to pass applications for a Constitutional Convention, the other side working feverishly to educate the people that Nullification is the better method.

Robert Brown

Constitutional Scholar Robert Brown lays out and dismantles the arguments for an Article V Convention, and offers historical perspective regarding the 1787 Constitutional Convention. He will also discuss the role of Congress and critique the rhetoric of Article V supporters. Learn about the dangers and disadvantages of a "Con-Con", and what solutions are currently working to rein in our out-of-control government.

Robert Brown has produced six of his lectures as a DVD series known as, "The Constitution is the Solution". A popular constitutional speaker, he has lectured for many organizations throughout the western U.S.
